The Board notes, however, that participation in the subsequent offering will not eliminate the total dilutive effects.

On this basis, the Board proposes that the General Meeting passes the following resolutions:

1. *The Company's share capital is increased with minimum NOK 0.10 and maximum NOK 20,000,000 by issuance of minimum 1 and maximum 200,000,000 new shares, each with a nominal value of NOK 0.10.*

NOK 7,2 millioner av utgiftene relaterer seg en kommisjon til investorgruppen i den rettede emisjonen. Utgiftene dekkes av Selskapet.

6. Subscription without subscription rights will not be permitted. If not all subscription rights are validly exercised during the subscription period, subscribers having exercised their subscription rights and who have over-subscribed, will be allocated additional shares on a pro rata basis based on the number of subscription rights exercised by each such subscriber.
